

# AHAAA...

Dear up-and-comers, career changers, freelancers or students – you haven't found your dream job as an advertisement on weltfern.com or weltfern.de? But you want to work innovatively and digitally? Do you want to help shape the future? Work in a great workplace with a top team? No problem!

We are happy to receive an application from anyone! Maybe we are convinced by the great talent, maybe by the experience or even by the weltfern view of the applicant. And in a dynamic company like weltfern, it happens again and again that we have resource bottlenecks before we could even publish a job advertisement.

Send us the application documents by mail: [info@weltfern.com](mailto:info@weltfern.com) or send a message in advance via Whatsapp to (+49) 0 157 35451134 or call us: 040 / 20009297.

We are all about what you can do and what you want.  
– The message between the AHAA – and

# !!!WOW!!!
